学院開設理念及び教育方針 (Academy mission statement and education policy)

関西国際学院では、広く世界各国から来日した学生が一堂に集い、日本語を通じて相互理解を深められるよう、また意思の疎通を容易にできるよう、少人数制を導入し、会話に重点を置いた指導を行うと共に、文化を踏まえた「生きた日本語」を指導してまいりたいと考えております。そうした考えの中、1986年4月に開校して以来、長きにわたり外国人に日本語教育を行ってまいりました。その甲斐もあり多くの優秀な卒業生を輩出してまいりました。彼らの多くが日本の大学院・大学・専門学校を卒業後、あるいは大学教授に、またある者は大企業への就職、母国で日本企業に就職するなど、日本或いは各国で目覚ましい活躍をしております。

At Kansai Kokusai Gakuin, we aim to bring students from all over the world in together, deepen mutual understanding through Japanese language and facilitate communication by implementing small class sizes and focusing on Japanese conversation, we also aim to teach "real Japanese" that takes culture into account. We have been teaching Japanese language to foreigners for a long time since our school built up in April 1986. as a result of this, we have produced many excellent graduate students. These students after graduating from universities and vocational schools are doing remarkable things in Japan or in their own countries. Some working as a university professors, some working in large companies and some working for Japanese companies in their home countries.

学生の声 (Student Voices)

Country: Nepal Rupesh

Hi, I am Rupesh. I came Japan as a International student from Nepal. I am always interested in Japanese education, technology, and culture from childhood. The education environment in Japan is very well-established and I believe I can gain knowledge of any special field in depth. My first few months in Japan were very difficult but by learning language continuously and challenging myself, I am able to increase my language skill. I am currently working as a part-time staff at a Japanese restaurant, and have many opportunities to speak Japanese with Japanese customers. Thanks to this, my Japanese has improved rapidly. In the future, I would like to start a business that connects Japan and Nepal. I would like to work in a job that spreads Nepal's wonderful culture and products to Japan.

Country: Vietnam THUY

My name is Thuy ! I come from Vietnam. I was studying at Japanese in Kansai Kansaikokusai Gakuin for 1.5 years. I think it is quite good here. Because I have opportunity of meeting other students who come from every countries on the world as Spain, America, Italy, Korea, Thailand, China...we become good friends, enjoy the party in school and picnic somewhere around Japan together. Those were wonderful times. Of course, we speak in Japanese. My Japanese was bad before I came here. But now I can communicate with Japanese people well. My teachers, they are full of enthusiasm for teaching, so I can accept their lessons easily. Furthermore, they also pay attention to students as well as our life. They always help me when I have any problem. Those are the most things I like about them. I feel greatly pleased in Japan !
